

A Corrected ID

Chuck Spaulding (#2355)

The US Catalog lists the confirmed user of perfin pattern S331.5 as 'Steelman & Birk'. Recently our research for the US Revenue Perfin Catalog found a 1933 stock slip that confirms the user (at least at that time) as 'Steelman & Birkins'. As shown in the

illustration, this pattern can be found in Federal Documentary, Federal Stock Transfer, and NY State Stock Transfer stamps – at least. This pattern is only relatively common in revenue stamps (D or D+) but is an A rate in postage stamps.
